MANIFESTO

GRILLING...

Is the perfect confluence of art and science, engineering and craft, mind and spatula. The French sauté, braise, poach. They do not grill.

MEN GRILL.

Since the first dawn of MAN, there has been honor and responsibility in providing for one's family. In order to truly appreciate this honor, all men must abide by the code that comes with it.

THIS CODE IS KNOWN AS MAN LAW.

The proper grilling of a $23 porterhouse is a feat to rival the erection of the Great Pyramids, the Hoover Dam, and the brother-in-law's yard shed. Grilling fish or fowl, mere wienie or edible plant life is a serious endeavor.

Grilling, thus, requires the proper tools. Tools crafted and honored with the care of a surgeon operating on his fantasy team's QB. Tools, that blessing with long ago distinguished MAN from animal.

MANLAW®

Based in Rockford, MN, MAN LAW® is a collective brand of premium BBQ Tools and Accessories that have been designed with the everyday American Man in mind. With the bold connection of high quality products and a humorous influence, MAN LAW® is exactly what the grill has been missing for centuries.
